Guard the door

Right at the very beginning
God gave man a simple word
Never eat from the forbidden tree
You'll surely die
Eve gave heed in a passing moment
And agreed to serpent's moves
Now we are all in the mess
That this evil brought

Guard the door, to your heart
Never give the devil a chance
He will take you further
Than you could think
Drive you miles and miles away
Guard the door to your heart
Never give the Devil a chance
Don't give him a chance
Don't give him a chance
Don't give the devil a chance

Come near my beloved son
Hear this timeless truth
Better flee from the very appearance of sin
Only then will you find yourself
In Pure Perfect peace
Not entangled in the mess
That all this evil brings

Say with me
Search me Oh God
And know my thoughts
Try me and know my ways
See if there be
Some wicked way in me
To practise wicked works
With men of iniquity
